More and more in America, people are working from home. Computers have been instrumental in most cases. It may be a very small business, a corporate employee role, or somewhere in between. If you have a business you would like to highlight on this site, please send your information to: [sbv@gmail.com](mailto:sbv@gmail.com)

## *oh my gosh*

Hi, I'm Ann Ruckstuhl at 7006 Brookfir Lane and the proud owner of an Ebay store called "oh my gosh".

I sell a little bit of everything, so if you are in need of a gift for any occasion or for yourself, please visit my store at <http://www.stores.ebay.com/ohmygosh>

Or you can call me at 713-466-9252. Come by to browse and have a cup of tea or coffee. Best of all, you get to meet your neighbor and save the shipping fee.

In addition to my "day job" as a business consultant (Kulshan Consulting) I also represent **SendOutCards**. SOC provides a very unique and powerful tool for sending greeting cards from your own computer. These are REAL greeting cards mailed with a stamp, not electronic greetings.

Check it out and send a couple of cards for free.
