

# About the Website

This website for SBV residents and prospective residents, was first created in 2008 by Anthony Cervantes, Elaine Mesker and Dwight Dawson. It is maintained by volunteer effort and the annual cost to the neighborhood is minor. If you have suggestions, critique or comment, please direct it to the Email address: [sbvhood@gmail.com](mailto:sbvhood@gmail.com)

Some additional features we are working on:

- A Forum page which will allow residents to input their question or comments on any relevant topic. This will allow free exchange of ideas, concerns, etc.
- A password protected listing of residents with approved contact information. This would only be viewable by residents with the password we provide.
